**HOURS:** Permanent Part-time

---

S.A.M Learning Centre is Canada's first math enrichment center teaching Singapore Math to children ages 4-14, high school math tutoring, and English literacy to children ages 5-12. Singapore Math is widely recognized as the most successful math program in the world. For more information visit our website at [www.seriouslyaddictivemaths.ca](http://www.seriouslyaddictivemaths.ca) Due to Covid-19, S.A.M has successfully integrated our classes online. Successful applicants will be trained and certified to teach the program online.

## POSITION OVERVIEW:

If you possess a natural flare and passion for working with children, If you are a dedicated employee, If you are able to work as part of a team, If you are open-minded and willing to learn a new way to deliver the world's best math program to young children; this opportunity awaits you!

Teaching/Tutoring experience and/or teaching degree is a definite asset, but not a necessity.

## RESPONSIBILITIES:

- ✓ Work alongside the director of the center to learn about the program and how it is uniquely delivered;
- ✓ Work with the director to individually plan for each child's session;
  - Determine a target objective for each session.
  - Carefully choose the appropriate anchor tasks for each session.
  - Select the correct S.A.M workbooks to be assigned to each student as part of their home assignments.
- ✓ Correct previous workbooks that are handed back and look for weaknesses that need to be improved and/or topics that need to be re-addressed;
- ✓ Work as part of a team with other trainers; collaborate and share creative ideas with colleagues to enhance the child's learning experience.

## QUALIFICATIONS:

- ✓ Available to work evenings and at least one weekend day.
- ✓ Bilingual (English and French).
- ✓ A love and passion for working with children.
- ✓ Strong time management and organization skills. Ability to adapt to new teaching methods.
- ✓ Relevant degree in teaching; an asset but not a necessity.
- ✓ Relevant experience in teaching or tutoring; an asset but not a necessity.

## SALARY:

To be determined based on experience and qualification
